Call for Papers

High Frequency Journal

Special Volume on

Data Driven Analytics and Related Topics

In Honor of Professor Eric Denardo (Yale University)

The journal of *High Frequency* seeks submissions for a special volume on *Data Driven Analytics and Related Topics* in Honor of Professor Eric Denardo.

The deadline for submission is **July 15th, 2019.**
The main topics of interest include but not limited to:

Online Learning
Online Resource Allocation
Bandit Models
Reinforcement Learning
Simulation Optimization
Stochastic Dynamic Optimization
Inventory Management
Information and Analysis for Supply Chains
Markov Decision Processes

This call is open to participants of the *Fifth Rutgers Applied Probability Conference*, November 16, 2018 at Rutgers University and by invitation only to other researchers whose work is within the scope of the volume.

Instructions for authors:

Authors should visit the *High Frequency journal site* for manuscript formatting instructions and examples.

Authors should submit their manuscripts at *High Frequency journal site* and notify with an email any one of the Special Issue Editors listed below, by July 15th, 2019. Be sure to write in the email subject line "SI:E.Denardo" and note that your work is intended for the special issue.

Submitted papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online.

Manuscripts submitted after the deadline, July 15th, 2019, may not be considered for the special volume.

Guest Editors:
Michael N. Katehakis [1], *Junmin Shi* [2], *Jian Yang* [3]
